PROXY STATEMENT

**FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS
To be held on June 15, 2016**

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the “Notice”) because the Board of Directors (the “Board of Directors,” “Board” or “our Board”) of Flexion Therapeutics, Inc. (the “Company,” “we,” “our,” “us” or “Flexion”) is soliciting your proxy to vote at the 2016 annual meeting of stockholders, including at any adjournments or postponements thereof (the “Annual Meeting”).

All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice. We intend to mail the Notice on or about April 26, 2016 to all stockholders of record entitled to vote at the Annual Meeting.

This proxy statement, along with the accompanying Notice of 2016 Annual Meeting of Stockholders, summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

Will I receive any other proxy materials by mail?

We may send you a proxy card, along with a second Notice, on or after May 6, 2016.

How do I attend the Annual Meeting?

The Annual Meeting will be held on Wednesday, June 15, 2016 at 1:30 p.m. Eastern Time at the Marriott Burlington, 1 Mall Road, Burlington, MA 01803. Directions to the Annual Meeting may be found at <http://www.marriott.com/hotels/maps/travel/bosbu-boston-marriott-burlington/#directions>. Information on how to vote in person at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 19, 2016 (the “Record Date”) will be entitled to vote at the Annual Meeting. On the Record Date, there were 21,570,395 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with Flexion’s transfer agent, Computershare Trust Company, N.A., then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote over the internet or by phone, or by requesting and returning a proxy card, to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on the Record Date your shares were held not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent

[Table of Contents](#)

regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

- Election of two Class II directors named herein to serve on our Board until our 2019 annual meeting of stockholders.
- Ratification of the selection, by the Audit Committee of the Board of Directors, of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote "For" all the nominees to the Board of Directors or you may "Withhold" your vote for any nominee you specify. For the approval of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy over the telephone, or vote by proxy through the internet or vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote over the telephone, dial toll-free 1-800-579-1639 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m., Eastern Time on June 14, 2016 to be counted.
- To vote through the internet, go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your internet vote must be received by 11:59 p.m., Eastern Time on June 14, 2016 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a Notice containing voting instructions from that organization rather than from Flexion. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

<p>Internet proxy voting is being provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.</p>

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date.

[Table of Contents](#)

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the internet or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the particular proposal is considered to be a routine matter under applicable rules. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine” under applicable rules but not with respect to “non-routine” matters. Under applicable rules and interpretations, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation) and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposal 1 without your instructions, but may vote your shares on Proposal 2 even in the absence of your instruction.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of all two nominees for director named in this proxy statement and “For” the approval of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016. If any other matter is properly presented at the Annual Meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to Flexion’s Secretary at 10 Mall Road, Suite 301, Burlington, MA 01803.
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

[Table of Contents](#)

When are stockholder proposals and director nominations due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal (including a director nomination) must be submitted in writing by December 27, 2016, to the attention of the Secretary of Flexion Therapeutics, Inc. at 10 Mall Road, Suite 301, Burlington, MA 01803. If you wish to submit a proposal (including a director nomination) at the 2017 annual meeting of stockholders that is not to be included in next year's proxy materials, you must do so between February 15, 2017 and March 17, 2017. You are also advised to review the Company's amended and restated bylaws (the "Bylaws"), which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes "For," "Withheld" and broker non-votes and, with respect to the appointment of PricewaterhouseCoopers LLP, votes "For" and "Against," abstentions and, if applicable, broker non-votes.

What are "broker non-votes"?

As discussed above, when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed to be "non-routine," the broker or nominee cannot vote the shares. These unvoted shares are counted as "broker non-votes."

How many votes are needed to approve each proposal?

For Proposal No. 1, the election of directors, the two nominees receiving the most "For" votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected. Only votes "For" or "Withheld" will affect the outcome.

To be approved, Proposal No. 2, ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal 2016, must receive "For" votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid Annual Meeting. A quorum will be present if stockholders holding a majority of the outstanding shares entitled to vote are present at the Annual Meeting in person or represented by proxy. On the Record Date, there were 21,570,395 shares outstanding and entitled to vote. **Thus, the holders of 10,785,198 shares must be present in person or represented by proxy at the Annual Meeting to have a quorum.**

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chairman of the meeting or the holders of a majority of shares present at the Annual Meeting in person or represented by proxy may adjourn the Annual Meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Classified Board

The Board currently has eight members divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The term of office of the two Class II directors expires in 2016. Each of the nominees listed below are currently serving as a director of the Company and Samuel D. Colella was previously elected by our stockholders. If elected at the Annual Meeting, each of these nominees would serve until the 2019 annual meeting of stockholders and until his or her successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. The Company encourages its directors and nominees for director to attend the Annual Meeting.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Accordingly, the two nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead will be voted for the election of a substitute nominee proposed by Flexion. Each person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that any nominee will be unable to serve.

Since November 2012, Mr. Mahatme has served as Senior Vice President, Chief Financial Officer at Sarepta Therapeutics, Inc., a publicly traded biopharmaceutical company. From 1997 to 2005 Mr. Mahatme worked for Pfizer Inc., a pharmaceutical company, where he served in senior roles in business development and corporate tax. Mr. Mahatme started his career at Ernst & Young LLP where he advised multinational corporations on a broad range of transactions. INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

As required under the NASDAQ Stock Market (“NASDAQ”) listing standards, a majority of the members of our Board must qualify as “independent,” as affirmatively determined by our Board of Directors. Our Board consults with our legal counsel to ensure that the Board’s independence determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in the pertinent NASDAQ listing standards, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, our senior management and our independent auditors, the Board has affirmatively determined that, with the exception of Dr. Clayman, all of our directors are independent directors within the meaning of the applicable NASDAQ listing standards. In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company.

Board Leadership Structure - Board Chair is Separate From the Position of CEO

Our Board has an independent chair, Mr. Mahaffy, who has authority, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Board Chair has substantial ability to shape the work of the Board. We believe that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of the business and affairs of the Company. In addition, we believe that having an independent Board Chair creates an environment that is more conducive to objective evaluation and oversight of management’s performance, increasing management accountability and improving the ability of the Board to monitor whether management’s actions are in the best interests of the Company and our stockholders. As a result, we believe that having an independent Board Chair can enhance the effectiveness of the Board as a whole.

Role of the Board in Risk Oversight

One of the Board’s key functions is informed oversight of the Company’s risk management process. Our Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure and our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. Our Audit Committee also monitors compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance practices, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Meetings of the Board of Directors

Our Board met five times during the last fiscal year. Each Board member attended 75% or more of the aggregate number of meetings of the Board, and of the committees on which he or she served, held during the portion of the last fiscal year for which he or she was a director or committee member.

Director Attendance at the Annual Meeting

Other than Dr. Clayman, none of our directors attended our annual meeting of stockholders in 2015.

Below is a description of each standing committee of the Board. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. Our Board has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding “independence” and each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of our Board of Directors (“Audit Committee”) was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to oversee our corporate accounting and financial reporting processes and audits of our financial statements. For this purpose, our Audit Committee performs several functions, including, among other things:

- Evaluating the performance, independence and qualifications of our independent auditors and determining whether to retain our existing independent auditors or engage new independent auditors.
- Reviewing and approving the engagement of our independent auditors to perform audit services and any permissible non-audit services.
- Monitoring the rotation of partners of our independent auditors on our engagement team as required by law.
- Prior to engagement of any independent auditor, and at least annually thereafter, reviewing relationships that may reasonably be thought to bear on their independence, and assessing and otherwise taking the appropriate action to oversee the independence of our independent auditors.

The Board reviews the NASDAQ listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of our Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards).

Our Board has also determined that Mr. Mahatme qualifies as an “audit committee financial expert,” as defined in applicable SEC rules. Our Board made a qualitative assessment of Mr. Mahatme’s level of knowledge and experience based on a number of factors, including his formal education and experience as a Chief Financial Officer for public reporting companies.

Audit Committee Report

The material in this report is not “soliciting material,” is not deemed “filed” with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The Audit Committee has reviewed and discussed the Company’s audited financial statements for the fiscal year ended December 31, 2015 with management of the Company. The Audit Committee has discussed with the Company’s independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board (“PCAOB”). The Audit Committee has also received the written disclosures and the letter from the Company’s independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the Company’s audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

Compensation Committee Processes and Procedures

Typically, our Compensation Committee meets quarterly and with greater frequency if necessary and meets regularly in executive session. Our Chief Executive Officer does not participate in, and is not present during, any deliberations or determinations of the Compensation Committee regarding his compensation or his individual performance. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company, as well as authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties.

[Table of Contents](#)

Historically, our Compensation Committee has met at one or more meetings held during the first quarter of the year or during the fourth quarter of the previous year to discuss and, if appropriate, make recommendations to the Board regarding, annual compensation adjustments, annual bonuses, annual equity awards and new performance objectives. For executives other than our Chief Executive Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to it by our Chief Executive Officer. In the case of our Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee in consultation with external advisors that may be engaged from time to time. For all executives, as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, executive stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels, compensation surveys and recommendations of any compensation consultant, as applicable.

Generally, our Compensation Committee has designed our overall executive compensation program to achieve the following objectives:

- Attempt to attract and retain talented and experienced executives.
- Motivate and reward executives whose knowledge, skills and performance are critical to our success.
- Provide a competitive compensation package that aligns the interests of our executive officers and stockholders by including a significant variable component which is weighted heavily toward performance-based rewards.
- Ensure fairness among executive officers by recognizing the contributions each executive makes to our success.
- Foster a shared commitment among executives by aligning their individual goals with our corporate goals and the creation of stockholder value.

Our Compensation Committee retained an independent compensation consultant, Radford, an Aon Hewitt company (“Radford”) to assist the Compensation Committee in developing our overall executive and director compensation programs for 2015 and 2016, including base pay, bonus percentage and equity awards. To assist in determining executive compensation in 2015, Radford and the Compensation Committee reviewed a peer group of publicly traded companies in the life sciences industry at a stage of development, market capitalization and size comparable to ours. The Compensation Committee believed these companies were generally comparable to our Company and that we competed with these companies for executive talent. In addition to the publicly available information with respect to peer group companies, Radford gathered competitive market data from the Radford Global Technology Survey of public biopharmaceutical companies with less than 100 employees for the Compensation Committee’s analysis of executive compensation.

The specific determinations of our Compensation Committee with respect to executive compensation for fiscal 2015 are described in greater detail in the Executive Compensation section of this proxy statement.

Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in our and our stockholders’ best interests.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting is required to ratify the selection of PwC as our independent registered public accounting firm for 2016.

Annual Performance-Based Bonus Opportunity

In addition to base salaries, our NEOs are eligible to receive annual performance-based cash bonuses, which are designed to provide appropriate incentives to our executives to achieve defined annual corporate goals and to reward our executives for individual achievement towards these goals. The annual performance-based bonus that each NEO is eligible to receive is based on the individual's target bonus, as a percentage of base salary, or target bonus percentage, and the extent to which we achieve our corporate goals and the executive achieves his personal goals, if any, established for that year.

The actual performance-based bonus paid to each executive, if any, is calculated by multiplying the executive's annual base salary, target bonus percentage, the percentage attainment of our corporate goals and personal goals, if any, established for such year with respect to the executive and is prorated for the duration of employment for that year. There is no minimum bonus percentage or amount established for the NEOs and, as a result, the bonus amounts vary from year to year based on corporate and individual performance as well as the Compensation Committee's evaluation of other factors it deems relevant in determining annual bonuses.

The corporate and personal goals are determined by the Board after recommendation by the Compensation Committee and generally communicated to the NEOs each year, prior to or shortly following the beginning of the year to which they relate or if later, in connection with the commencement of employment of the NEO. Our corporate goals are comprised of a subset of our most important annual corporate goals and various business accomplishments, which vary from time to time depending on our overall strategic objectives. Individual goals are composed of factors that relate to each NEO's ability to guide his or her own performance and the performance of his or her direct employee reports towards reaching our corporate goals.

At the end of the year, the Board, or the Compensation Committee, reviews our performance against each corporate goal and each NEO's personal goals, and approves the extent to which each were achieved. The Board, or the Compensation Committee, may award a bonus in an amount above or below the amount that would otherwise be associated with the degree of goal achievement, based on other factors that the Board of Directors, or the Compensation Committee, determines, in its sole discretion are material to our corporate performance and provide appropriate incentives to our executives, for example based on events or circumstances that arise after the original corporate goals were set or overall value created for our stockholders during the year.

The Board sets the target bonus for each NEO at the beginning of each year for which the bonus will apply, or if later, in connection with the hiring of a new NEO. Each NEO's 2015 target bonus percentage is set forth below:

<u>Name</u>	<u>Target Bonus (% of Base Salary)</u>
Michael D. Clayman, M.D.	50%
Neil Bodick, M.D., Ph.D.	40%
Frederick W. Driscoll	35%

For 2015, Dr. Clayman and Dr. Bodick's bonuses were entirely dependent upon achievement of our corporate goals and Mr. Driscoll's bonus was weighted 50% based on achievement of our corporate goals and 50% based on Mr. Driscoll's achievement of his personal goals.

The corporate goals established by our Board for purposes of determining bonuses for 2015 included:

- Reporting top-line data from our pivotal Phase 2b clinical trial for Zilretta™ (also known as FX006), our late-stage, sustained-release, intra-articular, non-opioid, analgesic candidate in development for the treatment of osteoarthritis.
- Initiating and completing enrollment of our pivotal Phase 3 clinical trial for Zilretta.
- Furthering manufacturing development for Zilretta.
- Advancing development of FX007, our TrkA receptor antagonist candidate for the treatment of post-operative pain.
- Maintaining our budgeted cash.

On December 17, 2015, our Compensation Committee determined that we had achieved 90% of our 2015 corporate goals for purposes of 2015 annual performance-based bonuses. In determining that we had achieved 90% of our 2015 corporate goals,

[Table of Contents](#)

our Compensation Committee considered, among other factors, the substantial progress in advancing clinical development of Zilretta, as well as the Company's response to clinical trial and other challenges that arose during 2015.

Based on the determination of 90% corporate goal achievement, Dr. Clayman was awarded a 2015 annual performance-based cash bonus in the amount of \$216,000. Additionally, based on the Compensation Committee's and Dr. Clayman's assessment, Dr. Bodick and Mr. Driscoll were awarded 2015 annual performance-based cash bonuses in the amounts of \$132,480 and \$107,730, respectively.

Also, on December 17, 2015, our Compensation Committee approved target bonus percentages for our executive officers that will be effective for consideration of annual cash bonuses for 2016 and future years. Each NEO's target bonus percentage is set forth below:

<u>Name</u>	<u>Target Bonus (% of Base Salary)</u>
Michael D. Clayman, M.D.	60%
Neil Bodick, M.D., Ph.D.	40%
Frederick W. Driscoll	40%

Equity-Based Incentive Awards

Our equity-based incentive awards are designed to align our interests with those of our employees and consultants, including our NEOs. The Board or the Compensation Committee is responsible for approving equity grants. Until recently, we have generally granted stock options to our executive officers and employees as incentive compensation, however we entered into restricted stock purchase agreements with each of Dr. Clayman and Dr. Bodick in connection with their commencement of services with us in 2007. In January 2016, we granted performance-based restricted stock unit awards to certain employees, including our executive officers, the amount and vesting of which is based upon when and if we receive approval from the U.S. Food and Drug Administration ("FDA") of a new drug application ("NDA") for Zilretta.

Vesting of equity awards is generally tied to continuous service with us and serves as an additional retention measure. We may also grant equity awards to our employees and consultants from time to time and we may make annual equity grants to our executives at the discretion of our Board or the Compensation Committee. In addition, our executives generally are awarded an initial equity award upon commencement of employment. Additional grants may occur periodically in order to specifically incentivize executives with respect to achieving certain corporate goals or to reward executives for exceptional performance or for promotions.

Prior to our initial public offering, we granted all stock options pursuant to the 2009 Equity Incentive Plan (the "2009 Plan"), the terms of which are described below under "Equity Benefit Plans." Following our initial public offering, all stock options have been granted pursuant to the 2013 Equity Incentive Plan (the "2013 Plan"), the terms of which are also described below under "Equity Benefit Plans." All options were granted with a per share exercise price equal to no less than the fair market value of a share of our common stock on the date of grant of each award. Generally our stock option awards vest over a four-year period and accelerate vesting and exercisability upon the occurrence of a change in control and the optionholder's termination of service under certain circumstances, as further described below under "Potential Payments Upon Termination or Change of Control."

On January 21, 2015, the Compensation Committee granted an option to purchase 110,000, 45,000 and 40,000 shares of common stock to Drs. Clayman and Bodick and Mr. Driscoll, respectively, in connection with each officer's annual performance review. The options vest over a four-year period where 1/4th of the total number of shares subject to the option vest one year after January 21, 2015 and thereafter 1/48th of the shares vest monthly over the next three years. In the event such NEO's employment is terminated by us without cause or by such NEO for good reason, the option shall accelerate and vest to the extent it would have vested in the 12-month period following the date of termination and, if such termination occurs within 12 months following a change of control transaction, the option shall accelerate and vest in full.

Potential Payments Upon Termination or Change of Control

Regardless of the manner in which a NEO's service terminates, the NEO is entitled to receive amounts earned during his term of service, including salary and unused vacation pay.

Pursuant to their amended and restated letter agreements entered into in September 2013, as amended in March 2014, each of our NEOs is entitled to certain severance and change of control payments and benefits. In addition, each of our NEOs holds stock options under our 2009 Plan that provide that the options will vest in full upon the executive's termination without cause or resignation for good reason within 12 months of a change of control. A description of the termination and change of control provisions in such equity incentive plans and stock option agreements is provided below under "Equity Benefit Plans."

Option Modifications

On July 16, 2013, the Board of Directors exercised its election to provide that the options granted in August 2012 to each of Dr. Clayman and Dr. Bodick would vest over a four-year period from August 29, 2012. These options were originally granted with a vesting schedule based on the aggregate consideration we receive in the event of certain types of corporate transactions or, at the Board's election in connection with an equity financing or our initial public offering, over a four-year period. In addition, in September 2013, we and Mr. Driscoll agreed to increase the exercise price of his option granted on May 20, 2013 from \$6.59 to \$7.89 per share.

Perquisites, Health, Welfare and Retirement Benefits

Our NEOs are eligible to participate in our employee benefit plans, including our medical, dental, group life, disability and accidental death and dismemberment insurance plans, in each case on the same basis as all of our other employees. We provide a 401(k) plan to our employees, including our NEOs, as discussed in the section below entitled "401(k) Plan."

We generally do not provide perquisites or personal benefits to our NEOs, except in certain limited circumstances. We do, however, pay the premiums for group term life insurance and long-term disability benefits (and, with respect to long-term disability benefits, we provide a tax gross up relating to such payment) for all of our employees, including our NEOs and we pay or reimburse our NEOs for their health and dental premiums. None of our NEOs participate in qualified or non-qualified defined benefit plans sponsored by us. Our Board of Directors may elect to adopt qualified or non-qualified benefit plans in the future if it determines that doing so is in our best interests.

401(k) Plan

We maintain a defined contribution employee retirement plan ("401(k) plan") for our employees. Our executive officers are also eligible to participate in the 401(k) plan on the same basis as our other employees. The 401(k) plan is intended to qualify as a tax-qualified plan under Section 401(k) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"). The plan provides that each participant may contribute up to the lesser of 100% of his or her compensation or the statutory limit, which was \$18,000 for calendar year 2015. Participants that are 50 years or older can also make "catch-up" contributions, which in calendar year 2015 was up to an additional \$6,000 above the statutory limit. Effective January 2016, we began making matching cash contributions of 50% on the first 4% of contributions made by participants into the 401(k) plan on behalf of all of our participants, including our NEOs. Participant contributions are held and invested, pursuant to the participant's instructions, by the plan's trustee.

Non-Qualified Deferred Compensation

None of our NEOs participate in or have account balances in non-qualified defined contribution plans or other non-qualified deferred compensation plans maintained by us. Our Board may elect to provide our officers and other employees with non-qualified defined contribution or other non-qualified deferred compensation benefits in the future if it determines that doing so is in our best interests.

Equity Benefit Plans

2013 Equity Incentive Plan

Our Board of Directors adopted the 2013 Plan in August 2013 and our stockholders approved the plan in January 2014. The 2013 Plan became effective in February 2014 in connection with our initial public offering.

Stock Awards. The 2013 Plan provides for the grant of incentive stock options (“ISOs”), non-statutory stock options (“NSOs”), stock appreciation rights, restricted stock awards, restricted stock unit awards, performance-based stock awards and other forms of equity compensation, collectively, stock awards, all of which may be granted to employees, including officers, non-employee directors and consultants of us and our affiliates. Additionally, the 2013 Plan provides for the grant of performance cash awards. ISOs may be granted only to employees. All other awards may be granted to employees, including officers and to non-employee directors and consultants.

Share Reserve. As of March 31, 2016, the aggregate number of shares of our common stock that could be issued pursuant to stock awards under the 2013 Plan was 4,058,033, plus any shares subject to outstanding stock options or other stock awards that would have otherwise returned to our 2009 Plan (such as upon the expiration or termination of a stock award prior to vesting). Additionally, the number of shares of our common stock reserved for issuance under our 2013 Plan automatically increase on January 1 of each year, continuing through and including January 1, 2023, by 4% of the total number of shares of our capital stock outstanding on December 31 of the preceding calendar year, or a lesser number of shares determined by our Board of Directors. The maximum number of shares that may be issued upon the exercise of ISOs under our 2013 Plan is 4,684,989 shares.

No person may be granted stock awards covering more than 3,000,000 shares of our common stock under our 2013 Plan during any calendar year pursuant to stock options, stock appreciation rights and other stock awards whose value is determined by reference to an increase over an exercise or strike price of at least 100% of the fair market value on the date the stock award is granted. Additionally, no person may be granted in a calendar year a performance stock award covering more than 3,000,000 shares or a performance cash award having a maximum value in excess of \$3,000,000. Such limitations are designed to help assure that any deductions to which we would otherwise be entitled with respect to such awards will not be subject to the \$1,000,000 limitation on the income tax deductibility of compensation paid to any covered executive officer imposed by Section 162(m) of the Code.

If a stock award granted under the 2013 Plan expires or otherwise terminates without being exercised in full, or is settled in cash, the shares of our common stock not acquired pursuant to the stock award again will become available for subsequent issuance under the 2013 Plan. In addition, the following types of shares under the 2013 Plan may become available for the grant of new stock awards under the 2013 Plan: (1) shares that are forfeited to or repurchased by us prior to becoming fully vested; (2) shares withheld to satisfy income or employment withholding taxes; or (3) shares used to pay the exercise or purchase price of a stock award. Shares issued under the 2013 Plan may be previously unissued shares or reacquired shares bought by us on the open market. As of March 31, 2016, there were 1,644,900 shares underlying outstanding stock options granted under the 2013 Plan, 189,300 shares underlying unvested restricted stock units granted under the 2013 Plan and 1,442,571 shares remaining available for grant under the 2013 Plan.

Administration. Our Board of Directors, or a duly authorized committee thereof, has the authority to administer the 2013 Plan. Our Board of Directors may also delegate to one or more of our officers the authority to (1) designate employees (other than other officers) to be recipients of certain stock awards and (2) determine the number of shares of common stock to be subject to such stock awards. Subject to the terms of the 2013 Plan, our Board of Directors or the authorized committee, referred to herein as the plan administrator, determines recipients, dates of grant, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting schedule applicable to a stock award. Subject to the limitations set forth below, the plan administrator will also determine the exercise price, strike price or purchase price of awards granted and the types of consideration to be paid for the award.

The plan administrator has the authority to modify outstanding awards under our 2013 Plan. Subject to the terms of our 2013 Plan, the plan administrator has the authority to reduce the exercise, purchase or strike price of any outstanding stock award, cancel any outstanding stock award in exchange for new stock awards, cash or other consideration, or take any other action that is treated as a repricing under generally accepted accounting principles, with the consent of any adversely affected participant.

Stock Options. Incentive and non-statutory stock options are granted pursuant to stock option agreements adopted by the plan administrator. The plan administrator determines the exercise price for a stock option, within the terms and conditions of the 2013 Plan, provided that the exercise price of a stock option generally cannot be less than 100% of the fair market value of our common stock on the date of grant. Options granted under the 2013 Plan vest at the rate specified by the plan administrator.

The plan administrator determines the term of stock options granted under the 2013 Plan, up to a maximum of 10 years. Unless the terms of an option holder's stock option agreement provide otherwise, if an option holder's service relationship with us, or any of our affiliates, ceases for any reason other than disability, death or cause, the option holder may generally exercise any vested options for a period of three months following the cessation of service. The option term may be extended in the event that exercise of the option following such a termination of service is prohibited by applicable securities laws or our insider trading policy. If an optionholder's service relationship with us or any of our affiliates ceases due to disability or death, or an optionholder dies within a certain period following cessation of service, the optionholder or a beneficiary may generally exercise any vested options for a period of 12 months in the event of disability and 18 months in the event of death. In the event of a termination for cause, options generally terminate immediately upon the termination of the individual for cause. In no event may an option be exercised beyond the expiration of its term.

Acceptable consideration for the purchase of common stock issued upon the exercise of a stock option will be determined by the plan administrator and may include (1) cash, check, bank draft or money order, (2) a broker-assisted cashless exercise, (3) the tender of shares of our common stock previously owned by the optionholder, (4) a net exercise of the option if it is an NSO and (5) other legal consideration approved by the plan administrator.

Unless the plan administrator provides otherwise, options generally are not transferable except by will, the laws of descent and distribution, or pursuant to a domestic relations order. An optionholder may designate a beneficiary, however, who may exercise the option following the optionholder's death.

Tax Limitations On Incentive Stock Options. The aggregate fair market value, determined at the time of grant, of our common stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed \$100,000. Options or portions thereof that exceed such limit will generally be treated as NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our affiliates unless (1) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and (2) the term of the ISO does not exceed five years from the date of grant.

Restricted Stock Awards. Restricted stock awards are granted pursuant to restricted stock award agreements adopted by the plan administrator. Restricted stock awards may be granted in consideration for (1) cash, check, bank draft or money order, (2) services rendered to us or our affiliates, or (3) any other form of legal consideration. Common stock acquired under a restricted stock award may, but need not, be subject to a share repurchase option in our favor in accordance with a vesting schedule to be determined by the plan administrator. Rights to acquire shares under a restricted stock award may be transferred only upon such terms and conditions as set by the plan administrator. Except as otherwise provided in the applicable award agreement, restricted stock awards that have not vested will be forfeited upon the participant's cessation of continuous service for any reason.

Restricted Stock Unit Awards. Restricted stock unit awards are granted pursuant to restricted stock unit award agreements adopted by the plan administrator. Restricted stock unit awards may be granted in consideration for any form of legal consideration. A restricted stock unit award may be settled by cash, delivery of stock, a combination of cash and stock as deemed appropriate by the plan administrator, or in any other form of consideration set forth in the restricted stock unit award agreement. Additionally, dividend equivalents may be credited in respect of shares covered by a restricted stock unit award. Except as otherwise provided in the applicable award agreement, restricted stock unit awards that have not vested will be forfeited upon the participant's cessation of continuous service for any reason.

Stock Appreciation Rights. Stock appreciation rights are granted pursuant to stock appreciation grant agreements adopted by the plan administrator. The plan administrator determines the strike price for a stock appreciation right, which generally cannot be less than 100% of the fair market value of our common stock on the date of grant. Upon the exercise of a stock appreciation right, we will pay the participant an amount equal to the product of (1) the excess of the per share fair market value of our common stock on the date of exercise over the strike price, multiplied by (2) the number of shares of common stock with respect to which the stock appreciation right is exercised. A stock appreciation right granted under the 2013 Plan vests at the rate specified in the stock appreciation right agreement as determined by the plan administrator.

[Table of Contents](#)

The plan administrator determines the term of stock appreciation rights granted under the 2013 Plan, up to a maximum of ten years. Unless the terms of a participant's stock appreciation right agreement provides otherwise, if a participant's service relationship with us or any of our affiliates ceases for any reason other than cause, disability or death, the participant may generally exercise any vested stock appreciation right for a period of three months following the cessation of service. The stock appreciation right term may be further extended in the event that exercise of the stock appreciation right following such a termination of service is prohibited by applicable securities laws. If a participant's service relationship with us, or any of our affiliates, ceases due to disability or death, or a participant dies within a certain period following cessation of service, the participant or a beneficiary may generally exercise any vested stock appreciation right for a period of 12 months in the event of disability and 18 months in the event of death. In the event of a termination for cause, stock appreciation rights generally terminate immediately upon the occurrence of the event giving rise to the termination of the individual for cause. In no event may a stock appreciation right be exercised beyond the expiration of its term.

Performance Awards. The 2013 Plan permits the grant of performance-based stock and cash awards that may qualify as performance-based compensation that is not subject to the \$1,000,000 limitation on the income tax deductibility of compensation paid to a covered executive officer imposed by Section 162(m) of the Code. To help assure that the compensation attributable to performance-based awards will so qualify, our Compensation Committee can structure such awards so that stock or cash will be issued or paid pursuant to such award only after the achievement of certain pre-established performance goals during a designated performance period.

The performance goals that may be selected include one or more of the following: (1) earnings (including earnings per share and net earnings); (2) earnings before interest, taxes and depreciation; (3) earnings before interest, taxes, depreciation and amortization; (4) earnings before interest, taxes, depreciation, amortization and legal settlements; (5) earnings before interest, taxes, depreciation, amortization, legal settlements and other income (expense); (6) earnings before interest, taxes, depreciation, amortization, legal settlements, other income (expense) and stock-based compensation; (7) earnings before interest, taxes, depreciation, amortization, legal settlements, other income (expense), stock-based compensation and changes in deferred revenue; (8) total stockholder return; (9) return on equity or average stockholder's equity; (10) return on assets, investment or capital employed; (11) stock price; (12) margin (including gross margin); (13) income (before or after taxes); (14) operating income; (15) operating income after taxes; (16) pre-tax profit; (17) operating cash flow; (18) sales or revenue targets; (19) increases in revenue or product revenue; (20) expenses and cost reduction goals; (21) improvement in or attainment of working capital levels; (22) economic value added (or an equivalent metric); (23) market share; (24) cash flow; (25) cash flow per share; (26) share price performance; (27) debt reduction; (28) implementation or completion of projects or processes (including, without limitation, clinical trial initiation, clinical trial enrollment, clinical trial results, new and supplemental indications for existing products, regulatory filing submissions, regulatory filing acceptances, regulatory or advisory committee interactions, regulatory approvals and product supply); (29) user satisfaction; (30) stockholders' equity; (31) capital expenditures; (32) debt levels; (33) operating profit or net operating profit; (34) workforce diversity; (35) growth of net income or operating income; (36) billings; (37) bookings; (38) the number of users, including but not limited to unique users; (39) employee retention; (40) initiation of phases of clinical trials and/or studies by specific dates; (41) patient enrollment rates; (42) budget management; (43) submission to, or approval by, a regulatory body (including, but not limited to the FDA) of an applicable filing or a product candidate; (44) regulatory milestones; (45) progress of internal research or clinical programs; (46) progress of partnered programs; (47) partner satisfaction; (48) timely completion of clinical trials; (49) submission of investigational new drug applications and NDAs and other regulatory achievements; (50) research progress, including the development of programs; (51) strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; and (52) to the extent that an award is not intended to comply with Section 162(m) of the Code, other measures of performance selected by our Board.

The performance goals may be based on a company-wide basis, with respect to one or more business units, divisions, affiliates, or business segments and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. Unless specified otherwise (i) in the award agreement at the time the award is granted or (ii) in such other document setting forth the performance goals at the time the goals are established, we will appropriately make adjustments in the method of calculating the attainment of performance goals as follows: (1) to exclude restructuring and/or other nonrecurring charges; (2) to exclude exchange rate effects; (3) to exclude the effects of changes to generally accepted accounting principles; (4) to exclude the effects of any statutory adjustments to corporate tax rates; (5) to exclude the effects of any "extraordinary items" as determined under generally accepted accounting principles; (6) to exclude the dilutive effects of acquisitions or joint ventures; (7) to assume that any business divested by us achieved performance objectives at targeted levels during the balance of a performance period following such divestiture; (8) to exclude the effect of any change in the outstanding shares of our common stock by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or

[Table of Contents](#)

other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (9) to exclude the effects of stock based compensation and the award of bonuses under our bonus plans; (10) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles; (11) to exclude the goodwill and intangible asset impairment charges that are required to be recorded under generally accepted accounting principles; (12) to exclude the effect of any other unusual, non-recurring gain or loss or other extraordinary item; and (13) to exclude the effects of the timing of acceptance for review and/or approval of submissions to the FDA or any other regulatory body. In addition, we retain the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of the goals. The performance goals may differ from participant to participant and from award to award.

Other Stock Awards. The plan administrator may grant other awards based in whole or in part by reference to our common stock. The plan administrator will set the number of shares under the stock award and all other terms and conditions of such awards.

Changes to Capital Structure. In the event that there is a specified type of change in our capital structure, such as a stock split or recapitalization, appropriate adjustments will be made to (a) the class and maximum number of shares reserved for issuance under the 2013 Plan, (b) the class and maximum number of shares by which the share reserve may increase automatically each year, (c) the class and maximum number of shares that may be issued upon the exercise of ISOs, (d) the class and maximum number of shares subject to stock awards that can be granted in a calendar year (as established under the 2013 Plan pursuant to Section 162(m) of the Code) and (e) the class and number of shares and exercise price, strike price, or purchase price, if applicable, of all outstanding stock awards.

Corporate Transactions. In the event of certain specified significant corporate transactions, the plan administrator has the discretion to take any of the following actions with respect to stock awards:

- Arrange for the assumption, continuation or substitution of a stock award by a surviving or acquiring entity or parent company.
- Arrange for the assignment of any reacquisition or repurchase rights held by us to the surviving or acquiring entity or parent company.
- Accelerate the vesting of the stock award and provide for its termination prior to the effective time of the corporate transaction.
- Arrange for the lapse of any reacquisition or repurchase right held by us.
- Cancel or arrange for the cancellation of the stock award in exchange for such cash consideration, if any, as our Board of Directors may deem appropriate.
- Make a payment equal to the excess of (a) the value of the property the participant would have received upon exercise of the stock award over (b) the exercise price otherwise payable in connection with the stock award.

Our plan administrator is not obligated to treat all stock awards, even those that are of the same type, in the same manner.

Under the 2013 Plan, a corporate transaction is generally the consummation of (i) a sale or other disposition of all or substantially all of our consolidated assets, (ii) a sale or other disposition of at least 90% of our outstanding securities, (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation, or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our common stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

Change of Control. The plan administrator may provide, in an individual award agreement or in any other written agreement between a participant and us that the stock award will be subject to additional acceleration of vesting and exercisability in the event of a change of control. Under the 2013 Plan, a change of control is generally (i) the acquisition by a person or entity of more than 50% of our combined voting power other than by merger, consolidation or similar transaction; (ii) a consummated merger, consolidation or similar transaction immediately after which our stockholders cease to own more than 50% of the combined voting power of the surviving entity; (iii) a consummated sale, lease or exclusive license or other disposition of all or substantially of our consolidated assets; or (iv) our complete liquidation or dissolution (or the approval by our stockholders or our Board of Directors of our complete liquidation or dissolution).

[Table of Contents](#)

Amendment and Termination. Our Board of Directors has the authority to amend, suspend, or terminate our 2013 Plan, provided that such action does not materially impair the existing rights of any participant without such participant's written consent. No ISOs may be granted after the tenth anniversary of the date our Board of Directors adopted our 2013 Plan.

2009 Equity Incentive Plan

Our Board and our stockholders approved our 2009 Plan, which became effective in September 2009. As of March 31, 2016, there were outstanding stock awards covering a total of 530,680 shares that were granted under our 2009 Plan. No additional awards will be granted under the 2009 Plan and all awards granted under the 2009 Plan that are repurchased, forfeited, expire, are cancelled or otherwise not issued will become available for grant under the 2013 Plan in accordance with its terms.

Stock awards. The 2009 Plan provided for the grant of stock awards, all of which could have been granted to employees, including our officers, non-employee directors and consultants and those of our affiliates. ISOs could only have been granted to employees. All other awards could have been granted to our employees, including our officers, and to our non-employee directors and consultants.

Share Reserve. The aggregate number of shares of our common stock originally reserved for issuance pursuant to stock awards under the 2009 Plan was 1,371,463 shares. The maximum number of shares that could have been issued upon the exercise of ISOs under our 2009 Plan was 2,742,926 shares.

If a stock award granted under the 2009 Plan expires or otherwise terminates without being exercised in full, or is settled in cash, the shares of our common stock not acquired pursuant to the stock award again will become available for subsequent issuance under the 2013 Plan. In addition, the following types of shares under the 2009 Plan may become available for the grant of new stock awards under the 2013 Plan: (1) shares that are forfeited to or repurchased by us prior to becoming fully vested; (2) shares withheld to satisfy income or employment withholding taxes; or (3) shares used to pay the exercise or purchase price of a stock award. Shares issued under the 2009 Plan may be previously unissued shares or reacquired shares bought by us on the open market.

Administration. Our Board, or a duly authorized committee thereof, has the authority to administer the 2009 Plan. Our Board had the authority to delegate to one or more of our officers the authority to (1) designate employees (other than other officers) to be recipients of certain stock awards and (2) determine the number of shares of common stock to be subject to such stock awards. Subject to the terms of the 2009 Plan, our Board or the authorized committee, referred to herein as the plan administrator, determined recipients, dates of grant, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting schedule applicable to a stock award. Subject to the limitations set forth below, the plan administrator also determined the exercise price, strike price or purchase price of awards granted and the types of consideration to be paid for the award.

The plan administrator has the authority to modify outstanding awards under our 2009 Plan. Subject to the terms of our 2009 Plan, the plan administrator has the authority to reduce the exercise, purchase or strike price of any outstanding stock award, cancel any outstanding stock award in exchange for new stock awards, cash or other consideration, or take any other action that is treated as a repricing under generally accepted accounting principles, with the consent of any adversely affected participant.

Stock Options. ISOs and NSOs were granted pursuant to stock option agreements adopted by the plan administrator. The plan administrator determined the exercise price for a stock option, within the terms and conditions of the 2009 Plan, provided that the exercise price of a stock option generally could be less than 100% of the fair market value of our common stock on the date of grant. Options granted under the 2009 Plan vest at the rate specified by the plan administrator.

The plan administrator determined the term of stock options granted under the 2009 Plan, up to a maximum of 10 years. Unless the terms of an option holder's stock option agreement provided otherwise, if an option holder's service relationship with us or any of our affiliates ceases for any reason other than disability, death or cause, the option holder may generally exercise any vested options for a period of three months following the cessation of service. The option term may be extended in the event that exercise of the option following such a termination of service is prohibited by applicable securities laws or our insider trading policy. If an optionholder's service relationship with us or any of our affiliates ceases due to disability or death, or an optionholder dies within a certain period following cessation of service, the optionholder or a beneficiary may

[Table of Contents](#)

generally exercise any vested options for a period of 12 months in the event of disability and 18 months in the event of death. In the event of a termination for cause, options generally terminate immediately upon the termination of the individual for cause. In no event may an option be exercised beyond the expiration of its term.

Acceptable consideration for the purchase of common stock issued upon the exercise of a stock option will be determined by the plan administrator and may include (1) cash, check, bank draft or money order, (2) a broker-assisted cashless exercise, (3) the tender of shares of our common stock previously owned by the optionholder, (4) a net exercise of the option if it is an NSO and (5) other legal consideration approved by the plan administrator.

Unless the plan administrator provides otherwise, options generally are not transferable except by will, the laws of descent and distribution, or pursuant to a domestic relations order. An optionholder may designate a beneficiary, however, who may exercise the option following the optionholder's death.

Tax Limitations On Incentive Stock Options. The aggregate fair market value, determined at the time of grant, of our common stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed \$100,000. Options, or portions thereof, that exceed such limit will generally be treated as NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our affiliates unless (1) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and (2) the option is not exercisable after the expiration of five years from the date of grant.

Changes to Capital Structure. In the event that there is a specified type of change in our capital structure, such as a stock split or recapitalization, appropriate adjustments will be made to (a) the class and maximum number of shares reserved for issuance under the 2009 Plan, (b) the class and maximum number of shares that may be issued upon the exercise of ISOs and (c) the class and number of shares and exercise price, strike price, or purchase price, if applicable, of all outstanding stock awards.

Corporate Transactions. Unless otherwise provided in the terms of an individual stock award or another written agreement between us and the holder of a stock award, in the event of certain specified significant corporate transactions, outstanding stock awards may be assumed, continued or substituted for similar stock awards by the surviving or acquiring corporation. If any surviving or acquiring corporation fails to assume, continue or substitute such stock awards, stock awards held by participants whose continuous service has terminated will accelerate vesting in full prior to the corporate transaction and all stock awards will terminate at or prior to the corporate transaction.

Under the 2009 Plan, a corporate transaction is generally the consummation of (i) a sale or other disposition of all or substantially all of our consolidated assets, (ii) a sale or other disposition of at least 90% of our outstanding securities, (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation, or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our common stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

Change of Control. The plan administrator may provide, in an individual award agreement or in any other written agreement between a participant and us, that the stock award will be subject to additional acceleration of vesting and exercisability in the event of a change of control. All of our outstanding option agreements with our employees provide for acceleration in full of the stock option if within 12 months after a change of control a participant is terminated without cause or resigns for good reason (which includes a resignation due to assignment of duties or responsibilities that result in a material diminution of function, material reduction in base salary, a relocation of employment by more than 50 miles or a material breach by us of the terms of the 2009 Plan, option agreement or other material agreement with the company concerning employment). Under the 2009 Plan, a change of control is generally (i) the acquisition by a person or entity of more than 50% of our combined voting power other than by merger, consolidation or similar transaction; (ii) a consummated merger, consolidation or similar transaction immediately after which our stockholders cease to own more than 50% of the combined voting power of the surviving entity; (iii) our complete liquidation or dissolution or approval by the stockholders or our Board of Directors of a plan of complete dissolution or liquidation of us; or (iv) a consummated sale, lease or exclusive license or other disposition of all or substantially of our consolidated assets.

Amendment and Termination. The 2009 Plan will terminate on September 23, 2019. However, our Board of Directors has the authority to amend, suspend, or terminate our 2009 Plan, provided that such action does not materially impair the existing rights of any participant without such participant's written consent.

2013 Employee Stock Purchase Plan

Our Board of Directors adopted the 2013 Employee Stock Purchase Plan (the “ESPP”) in August 2013 and our stockholders approved the ESPP in January 2014. The ESPP became effective in February 2014, in connection with our initial public offering. The purpose of the ESPP is to retain the services of new employees and secure the services of new and existing employees while providing incentives for such individuals to exert maximum efforts toward our success and that of our affiliates.

Share Reserve. As of March 31, 2016, the aggregate number of shares of our common stock that could be issued pursuant to purchase rights granted to our employees or to employees of any of our designated affiliates under the ESPP was 639,206 shares. The number of shares of our common stock reserved for issuance will automatically increase on January 1 of each calendar year, continuing through January 1, 2023 by the least of (a) 1% of the total number of shares of our common stock outstanding on December 31 of the preceding calendar year, (b) 375,768 shares, or (c) a number determined by our Board of Directors that is less than (a) and (b). The ESPP is intended to qualify as an “employee stock purchase plan” within the meaning of Section 423 of the Code. As of March 31, 2016, the aggregate number of shares of our common stock that had been purchased under the ESPP was 27,666 shares and there were 611,540 shares remaining available for purchase under the ESPP.

Administration. Our Board of Directors has delegated its authority to administer the ESPP to the Compensation Committee. The ESPP is implemented through a series of offerings of purchase rights to eligible employees. Under the ESPP, we may specify offerings with durations of not more than 27 months and may specify shorter purchase periods within each offering. Each offering will have one or more purchase dates on which shares of our common stock will be purchased for employees participating in the offering. An offering may be terminated under certain circumstances.

Payroll Deductions. Generally, all regular employees, including executive officers, employed by us or by any of our designated affiliates, may participate in the ESPP and may contribute, normally through payroll deductions, up to 15% of their earnings for the purchase of our common stock under the ESPP. Unless otherwise determined by our Board of Directors, common stock will be purchased for accounts of employees participating in the ESPP at a price per share equal to the lower of (a) 85% of the fair market value of a share of our common stock on the first date of an offering or (b) 85% of the fair market value of a share of our common stock on the date of purchase.

Limitations. Employees may have to satisfy continuous employment with us or one of our affiliates for a period of time (not to exceed two years) before participating in the ESPP, as determined by our Board of Directors. No employee may purchase shares under the ESPP at a rate in excess of \$25,000 worth of our common stock based on the fair market value per share of our common stock at the beginning of an offering for each year such a purchase right is outstanding. Finally, no employee will be eligible for the grant of any purchase rights under the ESPP if immediately after such rights are granted, such employee has voting power over 5% or more of our outstanding capital stock measured by vote or value pursuant to Section 424(d) of the Code.

Changes to Capital Structure. In the event that there occurs a change in our capital structure through such actions as a stock split, merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large non-recurring cash dividend, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or similar transaction, the Board of Directors will make appropriate adjustments to (a) the number of shares reserved under the ESPP, (b) the maximum number of shares by which the share reserve may increase automatically each year and (c) the number of shares and purchase price of all outstanding purchase rights.

Corporate Transactions. In the event of certain significant corporate transactions, including: (i) a sale of all our assets, (ii) the sale or disposition of 90% of our outstanding securities, (iii) the consummation of a merger or consolidation where we do not survive the transaction and (iv) the consummation of a merger or consolidation where we do survive the transaction but the shares of our common stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction, any then-outstanding rights to purchase our stock under the ESPP may be assumed, continued or substituted for by any surviving or acquiring entity (or its parent company). If the surviving or acquiring entity (or its parent company) elects not to assume, continue or substitute for such purchase rights, then the participants’ accumulated payroll contributions will be used to purchase shares of our common stock within 10 business days prior to such corporate transaction and such purchase rights will terminate immediately.

[Table of Contents](#)

Plan Amendments, Termination. Our Board of Directors has the authority to amend or terminate our ESPP, provided that except in certain circumstances any such amendment or termination may not materially impair any outstanding purchase rights without the holder's consent. We will obtain stockholder approval of any amendment to our ESPP as required by applicable law or listing requirements.

DIRECTOR COMPENSATION FOR FISCAL YEAR 2015

Historically, we have not paid cash or equity compensation to directors who are also our employees for service on our Board, nor have we paid cash or equity compensation to our non-employee directors who are associated with our principal stockholders for service on our Board. We have reimbursed and will continue to reimburse all of our directors for their travel, lodging and other reasonable expenses incurred in connection with their attendance at Board and committee meetings.

Our Board has adopted a compensation policy that is applicable to all of our non-employee directors. The compensation policy, which was amended in March 2016 as described below, provides that each such non-employee director, other than any non-employee director who disclaims such compensation, will receive the following compensation for service on our Board:

- An annual cash retainer of \$35,000.
- An additional annual cash retainer of \$27,500 for service as chairman of our Board.
- An additional annual cash retainer of \$7,500 for service as a member of the Audit Committee or \$15,000 for service as chair of the Audit Committee.
- An additional annual cash retainer of \$5,000 for service as a member of the Compensation Committee or \$10,000 for service as chair of the Compensation Committee.
- An additional annual cash retainer of \$3,750 for service as a member of the Nominating and Corporate Governance Committee or \$7,500 for service as chair of the Nominating and Corporate Governance Committee.
- An automatic initial equity grant, upon first joining our Board, of an option to purchase 18,000 shares of our common stock, one-third of which vests on the one year anniversary of grant date and the balance of which vest in a series of 24 equal monthly installments over the second and third year following the grant date.
- An automatic annual equity grant, for each non-employee director whose term continues on the date of our annual meeting each year, of an option to purchase 9,000 shares of our common stock (with respect to all non-employee directors other than the chairman of our Board) or 18,000 shares of our common stock (with respect to the chairman of our Board), in each case vesting in equal monthly installments over one year following the grant date.

Each of the option grants described above will (i) vest in full upon a change in control (as defined under our 2013 Plan), (ii) have a 10 year term and (iii) be granted under our 2013 Plan, the terms of which are described in more detail above under “Equity Benefit Plans—2013 Equity Incentive Plan.”

Our Compensation Committee is responsible for reviewing the compensation of our non-employee directors and making recommendations to our Board about any changes to such compensation. In March 2016, upon the recommendation of the Compensation Committee, the Board revised our non-employee director compensation policy in order to align our directors’ compensation more closely with the compensation paid to directors at our peer group companies. As a result, the Board increased the initial equity option grant from 18,000 to 25,000 shares of our common stock and increased the annual equity option grant from 9,000 to 12,500 shares of our common stock.

TRANSACTIONS WITH RELATED PERSONS

Related-Person Transactions Policy and Procedures

We have adopted a written related-person transactions policy that sets forth our policies and procedures regarding the identification, review, consideration and oversight of “related-person transactions.” For purposes of our policy only, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants involving an amount that exceeds \$120,000.

Transactions involving compensation for services provided to us as an employee, consultant or director are not considered related-person transactions under this policy. A related person is any executive officer, director or a holder of more than 5% of our common stock, including any of their immediate family members and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our Audit Committee (or, where review by our Audit Committee would be inappropriate, to another independent body of our Board) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transaction to us and whether any alternative transactions are available. To identify related-person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant stockholders. In considering related-person transactions, our Audit Committee or other independent body of our Board takes into account the relevant available facts and circumstances including, but not limited to the:

- Risks, costs and benefits to us.
- Impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated.
- Terms of the transaction.
- Availability of other sources for comparable services or products.
- Terms available to or from, as the case may be, unrelated third parties or to or from our employees generally.

In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval.

Certain Related-Person Transactions

There have been no transactions since January 1, 2015 to which we have been a party, in which the amount involved in the transaction exceeded \$120,000 and in which any of our directors, executive officers or, to our knowledge, beneficial owners of more than 5% of our capital stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than equity and other compensation, termination, change in control and other arrangements, which are described elsewhere in this Proxy Statement.

Indemnification of Officers and Directors

We have entered into, and intend to continue to enter into, separate indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our Bylaws. These agreements, among other things, require us to indemnify our directors and executive officers for certain expenses, including attorneys’ fees, judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of their services as one of our directors or executive officers or any other company or enterprise to which the person provides services at our request. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and Bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit us and our stockholders. A stockholder’s investment may be harmed to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Flexion stockholders will be “householding” the Company’s proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker or if your Flexion shares are registered in your own name, please contact our transfer agent, Computershare, by calling them at 800-733-5001 or writing them at Computershare Trust Company, N.A., P.O. Box 30170, College Station, TX 77842. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request “householding” of their communications should contact their brokers or if your Flexion shares are registered in your own name, please contact our transfer agent, Computershare, by calling them at 800-733-5001 or writing them at Computershare Trust Company, N.A., P.O. Box 30170, College Station, TX 77842.

OTHER MATTERS

Our Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
